Dear Members,

It is my pleasure and honour to be given the opportunity to serve you as the General Manager of SAFYC. As a former national sailor and having worked in the seaports department for the past 7 years, I seek to continue our strong tradition in sailing. I will also work towards improving the service standards and together with your help, make the Club more vibrant and lively.

I have seen a steady stream of members and friends visiting the Club with the opening of our new facilities and we are happy to welcome more in the coming weeks with the activities that we have in store for everyone.

We have increased the number of Get-Kids-Afloat courses, Basic Sailing Courses as well as PPCDL to accommodate the positive demands for these programmes. Our Bi-monthly Trophy Races are ongoing for its 2021 season and a more detailed recap of the action from the January sessions can be found on page 9. The Horsburgh Challenge Regatta is back this year for its 16th edition! Congratulations to the skipper and crews of Born in Fire for pulling off a brilliant win of the race! A job well done goes out to the other skippers and crews as well for their top-notch performance and camaraderie with the other teams.

Although we are still unable to hold social events at the Club, I am delighted to share that our regattas are ongoing. We invite you to participate and bring along your friends to join in the fun! Our 17th SAFYC Regatta for Dinghy is scheduled for 17th & 18th April 2021 and our Optimist Regatta for the 24th & 25th April 2021. Sailing kakis, block your calendars for our next Bi-monthly Trophy Race scheduled on 8 May 2021. To get a more comprehensive overview of our events, turn to page 21.

With travel restrictions still in place, we invite members to book your staycations at the Club for a nice quiet retreat with your loved ones. Our 3 private rooms can be booked via email or you may contact our Member Relations Officers. We also have meeting rooms available for bookings which are perfect for group discussions. If you have not visited the Club recently, bring your family and friends to explore the new facilities we have at our clubhouse!

In our efforts to keep the Club a safe environment, I seek your cooperation to wear a mask at all times. I understand that it can be inconvenient but this is for our safety and well-being. We must be vigilant if we are to beat this pandemic and it is crucial that everyone plays their part.

Lastly, do visit our website and follow us on our social media accounts for more updates on our courses, promotions, and announcements!

We look forward to seeing you at the Club.

Selamat Hari Raya Aidilfitri

To all our Muslim members and friends!
May you celebrate this joyous occasion with your
loved ones and may this season bring you good
health, peace, and happiness!

The sailing season is finally here! A fantastic sunrise and the best winds welcomed our competitors on the first day of the race. Our Horsburgh Challenge Regatta was held on the weekend of 13 and 14 March 2021 at Changi Sailing Club. The day started with the skippers registering their crew before proceeding to board their own boats. We started the race at daybreak around 7am with our Commodore, RADM Aaron Beng, and GM, Mr. Teo Wee Chin, giving the warning signal to the sailors. Capt. Jerry Lau, our very own Captain of Sail was also present to wish our competitors fair winds and following seas!

The first boat to the finish line for the race on Saturday was Born in Fire with Thomas Reckefuss as skipper followed by Invictus with Justin Lean as skipper. Rumbottle of Lee Yi Min came at third place followed by Shardana of Neil Thomas and lastly Innesfree with Alfred Leung as skipper. Unfortunately, Windflirt and Millenium 2 retired and did not complete the race on the first day.

Position	Owner/Helm	Boat Name	Race 1	Race 2	Race 3	Total
1	Thomas Reckefuss	Born in Fire	1	1	1	3
2	Justin Lean	Invictus	2	2	2	6
3	Lee Yi Min	Rumbottle	3	4	4	11
4	Neil Thomas	Shardana	4	3	8	15
5	Ken Yap	Millennium 2	8	6	3	17
6	Alfred Leung	Innesfree	5	8	5	18
7	Jasper Knoben	Windflirt	8	5	8	21

Sunday was a whirlwind of sailing conditions as the weather served us with sunny morning and a pouring afternoon rain! Born in Fire is really on fire as they dominated the 2nd day of Horsburgh Challenge with 2 consecutive wins of the two races of that day! Congratulations to Thomas Reckefuss and his crew for their fantastic overall win for this year's race! A big thank you goes out to Changi Sailing Club as well for their continuous support. As we are adhering to safety measures due to the on-going precautions against COVID-19, no awarding assembly was held and trophies were given out to the respective skippers of the winning boats.

For people who are interested to participate in our regattas, now is a good time to start learning how to sail! If you have never sailed before that's not a problem, we open our doors to all levels of experience and welcome anybody who is keen to learn how to sail. Our Competent Crew Course is a great course for aspiring sailors who wish to be introduced to the wonderful world of keelboat racing! Visit our website for the upcoming course dates and for more information on registration.

Name: Thomas Reckefuss
Name of boat: BORN IN FIRE

● **How long have you been sailing?**

I started sailing already as a kid in the age of six, with my parents. Anyhow I never made the traditional journey via dinghy sailing to keel boats – but we started directly on a bigger keel boat, which we owned with some colleagues of my dad.

Sail racing came into the picture about 12 years ago when I started offshore racing in Germany with a brilliant team with whom we won several championships.

● **Can you tell us more about your crew and how did you determine who will be part of your crew for the Horsburgh Challenge?**

To race a sailing boat of the size of Born in Fire you need a crew of seven.

It is sometimes difficult to get seven people on board, even if we have a crew pool of more than 20 sailors.

As COVID basically grounded everyone in Singapore the situation was a bit easier throughout the last year, and we could build up a very consistent team of four to five sailors, which sailed most of the races with the boat throughout 2020. Nonetheless we added in three crewmembers which normally do not sail with us. They are all experienced offshore sailors and were very much attracted by the idea to sail the Horsburgh Challenge – while other of the team stepped out due to the long distance and the early start.

● **How many times you and your crew joined the Horsburgh Challenge in the past few years?**

This year was my third Horsburgh Challenge, in 2019 I participated with this years winner Invictus, and last year as well with Born in Fire but in the IRC class, which was not racing this year, due to too little boats opting for IRC.

● **What did you and your team do to prepare for the Horsburgh Challenge?**

We had a full weekend training for the Commodores Cup (a race organised by Changi Sailing Club) and the Horsburgh Challenge, where we mainly trained manoeuvres, kite sets and drops as well as mark roundings.

Further we met on the Thursday prior the race and discussed some options, positions and possible courses, which then unfortunately were not used, due to the change of course.

● **Any interesting/challenging experience that happened during any of the races?**

One thing is surely the excitement on the evening prior the race, you know you have to get up early and everything must be perfect, especially when you go offshore, so you need to think things through more often and be 100% sure everything is in perfect shape.

On the other hand, you know you have to get up at 04:00 to be at the club in time, get the boat ready and pass immigration and be in time on the starting

line. The lack of sleep on a 7-10 hour race is truly a challenge.

Apart from that, racing in the waters around Singapore is always interesting, as you have a lot of traffic from commercial ships, which are either following the Traffic Separation Scheme or which are anchored, or entering the port not to talk about the tidal streams which really can be a game changer. This give you multiple opportunities to get things wrong and the tactics really need to be on their toes, not to sail into wind shadows, or to tack too often.

● **Any words of encouragement for people who want to try their hand at sailing?**

Wow, there are many words,... I guess the pages won't last.

For me it is the passion of my life, it even encouraged me to start my professional career as a naval architect.

It is a beautiful sport, you are out on the water, in the wind, surrounded by people who share the same passion and love for the sea – people who quickly turn into a team and friends.

You have the chance to learn multiple things, like trimming, navigating, tactics, helming,... And it's a great, and always friendly competition.

But sailing is more than racing just racing and competition, a boat also provides you with the opportunity to go somewhere and enjoy the beautiful ocean and nature we are living in.

Step on board, and try it out – there are many boats in Singapore who are eager to have more crewmembers joining and everyone is happy to help you get better.

See you on the water!

Join our lessons on rigging of sail crafts, points of sail, capsize drills and more!
The best part of it all? Make new friends!!!

Introduction to Sailing Programme for the Young Ones

A Singapore Sports Council endorsed Sports Education Programme

GKA Programme Road Map

Course Fees

\$100.05 (SAFYC Members)

\$342.40 (Non-Members)

Fees are inclusive of all sailing equipment, T-shirt, and a graduation certificate.

Prerequisites

Age 7 - 15. Able to swim at least 50 metres with the aid of a life vest.

Course Duration

5 – 8 April 2021, 12 – 15 April 2021

1 – 4 June 2021, 8 – 11 June 2021, 15 – 18 June 2021

13 – 16 July 2021

17 – 20 August 2021, 24 – 27 August 2021

7 – 10 September 2021

12 – 15 October 2021

23 – 26 November 2021, 30 Nov & 1 – 3 Dec 2021

7 – 10 December 2021, 14 – 17 December 2021

SAFYC Yacht Club | 43 Admiralty Road West, Singapore 759962

Tel: 67583359 | Fax: 67579046 | www.safyc.org.sg

Holidays are best spent under the sun! Our new batch of Get-Kids-Afloat (GKA) kids had their lessons during the school holidays in March! Sailing is such an incredibly versatile sport and it can be enjoyed by kids once they have the basic knowledge and skills to sail on their own!

The first day of the course is theory lessons and getting the kids familiar with the parts of the boat. This is where they also get introduced to common sailing terms that their coaches will refer to when teaching them hands-on.

The next days are the most exciting ones! Finally they can go out at sea and apply what they have learned from the theory lessons. This is when kids use their own strategy on how they will be able to maneuver the boat easily to their advantage and how to play with the waves and the wind on their favor. Kids will be provided their own Optimist boat. This boat is perfect for the program and is an ideal starter's boat for kids.

Our programme offers a simple training pathway for kids wanting to try out or get started in sailing. Meeting new friends is a bonus too as sailing is more fun with a little bit of competition! There is no experience necessary for this course and kids 7 to 15 years old are welcome to join! If you have missed this round of GKA course, we are conducting more courses in April as well as in the June school holidays! Make sure to register early as this is an in-demand course and we are always happily fully-booked! Please contact us at 6758 3359 or email us at seasports@safyc.org.sg or scangel@safyc.org.sg for more details and registration. Visit our website too for updates on fully-booked dates and other available dates for the course.

Bi-Monthly Trophy Race

2021

Race Dates:

16 January

10 July

27 March

18 September

08 May

06 November

Please submit the entry form together with your payment to SAF Yacht Club at least 3 days before the race day. For further enquiries, kindly contact our Angels at 6758 3359 or email scangel@safyc.org.sg

LIKE US ON FACEBOOK - WWW.FACEBOOK.COM/SAFYACHTCLUB
FOLLOW US ON INSTAGRAM - @SAFYACHTCLUB

If your weekdays are busy with commitments, a friendly sailing race in the weekend is for you! Sailing in the afternoon breeze is a beautiful way to ease into the weekend. Our first race of the Bi-Monthly Trophy Race (BTR) for 2021 was held on 16 January 2021. Congratulations to Zephyr for their impressive win!

Knowing where the wind is blowing from and at what angle the boat lies to the wind direction is critical for the competitors to sail their boats efficiently, trim the sails properly and protect the crew from an accidental tack and, more critically, an accidental jibe. Even a race like ours can encounter challenging wind conditions, and often with the added complication of lots of obstacles to contend with such as the constant sea traffic of vessels passing by the East Johor Straits.

No matter your level of experience, our races are exciting, family friendly and fun to participate in and develop your sailing skills! And the best part is, you don't need your own boat to get involved! Skippers are always on the lookout for an extra crew (or two!).

Our first ever Wedding Fair in partnership with MegaXpress took place at our Lazarus Ballroom on 27th and 28th February 2021! Various wedding vendors came together and showcased their wonderful offers and packages to aspiring husbands and wives to be! It takes a few months to a year to plan that dream wedding that is why wedding fairs are important and helpful affairs for couples. There are so many details that go into creating the most special wedding day, and sometimes it can get so overwhelming. Most couples benefit from going to wedding/bridal fairs when piecing together the needed elements for the perfect wedding, and these events like ours introduce a host of suppliers to choose from in one swoop.

To help discerning couples plan their most special day, our wedding fair's aim is to present them with the best possible options for everything they may need for their big day: Breath-taking bridal gowns, bespoke suits, one-of-a-kind jewels, event styling, food, photography, event videography and many more! Some well-loved suppliers included in this beautiful exhibit were Rio Diamonds, Studio Five Weddings, SQEEN Bridal, Voideckgraphers, Hambali The Wedding Regalia, Reenz Bridal and many more! Special promotions and discounts was made available to couples who book on the spot!

The fair was exclusively for couples who RSVP'd in advance and the event was hosted by DJ Ana. A few segments were conducted with the participation of the vendors such as the "How to take care of your Ring" by Rio Diamonds and styling demos for plus-sized brides with Jannathul as well as make-up and hairstyle demos with Jalil from Sujaka Bridal.

We definitely had a productive and fun 2-days wedding fair! A big congratulations and good luck to the couples for their upcoming weddings! Thank you as well to MegaExpress for partnering with us and making this event a success!

Every season is wedding season at SAF Yacht Club! Inspired by the colours and textures of the seasons, our packages offer lavish, mouth-watering menus with all the trimmings of a dream wedding. Your wedding is a time of celebration, a day of creating memories that will be cherished forever. Let us help you make your 'special day' truly unforgettable with thoughtful planning, personalised service and a level of care and attention to detail that is second to none.

With our diverse experience of staging exceptional weddings, we understand what it takes to make them perfect. Whether your dream is a grand banquet, an intimate reception by the pool, or something totally unique, we can make your perfect wedding a reality. We offer different venues for you and your partner to choose from and the highlight for this round is our Lazarus Ballroom!

The Lazarus Ballroom is 383 square meters and can accommodate up to 300 guests for a sit-down event and more for a cocktail party. The ballroom can be divided into four sections. Guests will surely be drawn to its contemporary design, high ceiling, and a spacious foyer perfect for your pre-function activities. With safe management measures in place, be confident that seating plans are redesigned to ensure appropriate physical safe distancing between tables and more.

Create lasting and unforgettable memories of your wedding day! Our team will assist you with customizable packages fit for your dream wedding. Reach out to us at events@safyc.org.sg to find out more about our offers or call us at 6351 9164.

GET TO KNOW US

How did your sailing journey come about?

My parents introduced me to GKA during the September school holiday when I was in Primary 1. I enjoyed the course and decided to take up sailing as my CCA in school the following year.

What's your favourite aspect of sailing?

I enjoy sailing fast especially during strong wind conditions. I feel like a F1 driver in the sea when sailing at high speed.

What can you say about your time with SAF Yacht Club?

I enjoy going for trainings as I get to meet sailors from other schools. I am also thankful to Coach Low, Coach Xiao Dong, Coach Gracina, Coach Iggy, Uncle Suddin, Uncle Maslan and Uncle Din for their guidance in SAF Yacht Club. They keep me energized and motivated during trainings.

Could you share your most memorable sailing experience?

My most memorable sailing experience was the last race during Gold Fleet Qualifier 2021. This was my fourth race experience after three regattas. I had a good start and led the pack after my first tack. Towards the end of the course, another sailor overtook me, but I maintained my composure and managed to regain the lead. In the end, I won the race and had a taste of my first bullet. The feeling was exhilarating.

What about your worst experience in sailing?

Worst experience was during GKA when the boom hit my head while I was executing a jib. It was a painful experience, and since then I learnt my lesson to move faster.

Are you into other sports besides sailing? If yes, what are they?

Yes, I swim leisurely and play soccer during my free time. I also have Poom (junior black) belt in Taekwondo.

How do you manage sailing around your curriculum of studies?

I ensure that I finish my homework and revision before my trainings.

For you, what makes a good sailor?

A good sailor loses without making excuses and is able to pick up and learn from mistakes. Not to forget, a good sailor should show respect to Coaches and fellow sailors.

What are your personal goals in terms of sailing?

I hope to achieve Top 10 position in Gold Fleet and to be selected for National team.

Any regattas you are looking forward to participating this year? How do you prepare yourself for the competition?

I look forward to the coming Singapore Youth Championship because this is my first Gold Fleet race. For preparation, I will attend all trainings and take training races seriously. I will also go through my sailing journal to make sure I do not repeat my mistakes.

Name:

Lucas Cao Zhihong

Age:

10

School:

St. Hilda's Primary School

Hobbies:

Soccer, Swimming,
Playing Chinese chess

Favourite Food:

Fish Soup Bee Hoon, Roti Prata,
Wonton Noodles and Bak Kwa

Words For a Fellow Sailor:

Never give up and have a positive
mindset.

Sailing Honours:

NSC Cup 2 2020 – 8th position
Gold Fleet Qualifier 2021 – 4th position

PROMISING SAILORS

Name:

Pee Teck Woon

Age:

10

School:

St.Hilda's Primary School

Hobbies:

Soccer, Cycling, Swimming and Drawing

Favourite Food:

Laksa and Bee Hoon

Words For a Fellow Sailor:

Keep on trying even if you have a bad start

Sailing Honours:

NSC Cup 1 2020 (Silver Fleet) – 5th position

CSC Cup 2020 (Silver Fleet) – 2nd position

NSC Cup 2 2020 (Silver Fleet) – 3rd position

Gold fleet qualifiers 2021 – 3rd position

GET TO KNOW US

How did your sailing journey come about?

When I was in primary one, my friend, Ethan, was learning sailing and he piqued my interest in the sport. When it was time to choose a CCA for primary two, I chose sailing and went for the opti courses at NSC. I fell in love with sailing and have not turned back since then.

What's your favourite aspect of sailing?

I love kiting in the boat on downwind because it feels like I'm on nature's roller coaster.

What can you say about your time with SAF Yacht Club?

I have met many wonderful coaches namely, Coach Low, Coach Gracina and Coach Xiaodong, who have trained me well and taught me all I know about sailing. They have also shared their experiences with me and supported me throughout my time here. I have also made many like-minded friends such as Ethan, Gerard, Zachary, Sean, Raylen and Lucas (just to name a few) who make training so fun and enjoyable.

Could you share your most memorable sailing experience?

My most memorable experience was when I got my first bullet at NSC Cup 1 in 2020.

What about your worst experience in sailing?

At my first regatta at NSC Cup 3 2019, I lost my cap on the last race day and missed the horn at the start of the race. As a result, I had a bad start and continued to do badly for the subsequent races of the day as I kept my eyes peeled for my lost cap.

Are you into other sports besides sailing? If yes, what are they?

Yes, I enjoy playing soccer with my friends, and swimming and cycling with my family

How do you manage sailing around your curriculum of studies?

I always try to complete my homework in school and do revision whenever I have pockets of time.

For you, what makes a good sailor?

To me, a good sailor is one who pays attention to what the coaches teach and takes every training session seriously. A good sailor is also one with integrity and respects his or her peers and coaches.

What are your personal goals in terms of sailing?

To represent Singapore one day.

Any regattas you are looking forward to participating in this year? How do you prepare yourself for the competition?

I am looking forward to the Singapore National Youth Championship in March as it is my first gold fleet regatta. I prepare by sleeping early, being focused and reading through my sailing notes beforehand.

Achieving Mission Success as a Family

A submarine may be operated by a mere 28 crew but yet, it is one of the most lethal assets of the Republic of Singapore Navy (RSN). Stealthy and nimble, the RSN submarines are able to take down targets within minutes and stay undetected by adversaries. This month, we spoke to a submarine officer, MAJ Gabriel Tang, who is an ex-national sailor with the SAFYC, to find out more.

Share with us what sparked your interest in a career with the RSN?

My dad was a former Army officer. He is amongst the biggest inspiration in my life and he was my role model when I was growing up. Since young, I knew that I wanted to join the military. I have always had an affinity with the sea. I joined the SAFYC when I was 10 and had started sailing since then. I eventually got into the national team and had the chance to sail for Singapore in international competitions. I chose the RSN because of this and have never looked back since.

Can you tell us more about the life and culture in the RSN?

I am currently an Operations Officer on board a submarine. As an Operations Officer, I lead my team in running the daily routine, operations and training of the entire submarine crew. I also lead the underwater sonar and weapons department in ensuring the combat effectiveness of the submarine.

Life in the RSN is challenging and dynamic – you get to serve in different roles and under different circumstances that will constantly challenge you and push you out of your comfort zone. You are also given the opportunity to grow as a leader as you will need to take charge of the people under you in order to achieve mission success.

The defining culture of the RSN is the family spirit. When we are deployed out at sea for long periods of time, we get to know everybody on board over time and develop close ties, and they become family. We look forward to coming to work and helping each other overcome challenges so as to achieve mission success as a team.

What is your most memorable experience in the RSN so far?

As a junior officer, I was given the incredible opportunity to plan for a bilateral exercise for my submarine. The exercise was fairly complex and stretched over several days. It was an anti-submarine exercise which involved an entire anti-submarine force up against a single submarine.

Halfway through the exercise, we had already snuck up close enough to threaten the force and captured some “periscope shots” to prove it. We were then told by our headquarters that the anti-submarine force could not locate us at all and requested for us to be detected in order to allow our bilateral partners to gain some training experience with our submarine. That was a very proud moment for me and my crew as we knew then that we had successfully achieved the mission despite the odds.

It was very fulfilling to see my planning come to fruition, and more importantly, the exercise showcased the combat capabilities of the RSN submarine force and we were able to fly Singapore’s flag high.

What do you find fulfilling in your everyday work?

The most fulfilling portion of my everyday work is the interaction that I have with the people I work with. The RSN is the smallest service and due to the nature of our work and working environment on board, we grow to become very close-knitted. These are the people that will keep you going when times are tough and challenging – cheering each other on and helping each other to achieve mission success. That family spirit, that sense of camaraderie and kinship are things that I believe are truly unique to the RSN.

What advice would you give to those who are looking to join the RSN?

The RSN is a dynamic and people-oriented environment. You will be entrusted with an important mission to safeguard our sea lines of communication – ensuring trade continues to flow for Singapore’s survival and success. If you are looking for a unique, challenging, fulfilling and close-knitted working environment, the RSN is the right place for you!

Free Webinar: Wills and Lasting Power of Attorney

Organised by:

FORTIS[®]
WILLS

Find out:

- What is a Will?
- What assets can you give under a Will?
- What happens if you do not have a Will?
- What is Advance Care Planning?
- What is a Lasting Power of Attorney (LPA)?
- What happens if you lose mental capacity and do not have an LPA?

20 April 2021, 7pm - 8.30pm

COMPUTATIONAL THINKING WORKSHOP

in partnership with Glyph

Why does my child need computational thinking (CT)?

CT is a system of understanding & solving problems in a logical way that people & computers can understand. It is the step that comes BEFORE coding. Learning CT is especially good for kids who are either too young to learn programming or have difficulties doing so. CT helps kids articulate a problem clearly, which helps your child in other areas of their education journey.

Louis Neo, 5 years old, playing pearly whirly

AGE Suitable for kids 5 - 12 years old

VENUE Seminar Room @ SAF Yacht Club

DATES June 2, 9, 16, & 23 | 10:30am to 12:30pm

PRICE \$220 (Members), \$225 (MINDEF), \$230 (Public)
Fees are for the 4-day workshop and
subjected to GST rates.

Shi Cen, 5 years old, completing her Buddy Boogie!

What will my child learn during CT?

Every session is taught by experienced CT-trained teachers from Glyph! These are the thinking skills which your child will be learning:

DECOMPOSITION

Breaking down a complex problem into easier parts to solve.

PATTERN RECOGNITION

Identifying patterns & trends to solve a problem.

ALGORITHMIC THINKING

Solving problems through a clear definition of steps.

ABSTRACTION

Removing unnecessary information to focus on the problem.
