# COMMODORE'S MESSAGE

In the last few months, we have managed to make a lot of progress on our club redevelopment effort. Our new Club logo was launched and many new facilities are now open for our members, their families and friends. I am glad that there is a much livelier atmosphere at our club premises. We are very grateful for our members' steadfast support these past few years through the entire redevelopment effort.

Our Annual General Meeting 2020 was conducted differently to cater to the safe distancing measures. Members had a choice to attend the meeting physically or online via Zoom. The meeting was held on 31 October 2020 at our new Lazarus Ballroom at The Quarterdeck. We updated members of the Club's activities as well as the new facilities available. I would like to thank all our members who attended and welcome our new Management Committee members on-board.

The seaports scene continues to be active with many registrations for our different courses. Our Bi-Monthly Trophy Race (BTR) has also been steadily gaining traction with more boats joining the races.

Looking forward, we are cautiously optimistic as we look at the year ahead. Our sailing sub-committee will open the BTR series for 2021 on 9 January and our Club's signature regatta, 16th Horsburgh Challenge is being planned for the first quarter. We will also be holding the SAFYC Regatta (Optimist) and (Dinghy) for our young sailors. In addition, we are exploring having local island excursions for our members, so do keep a look out for the details.

As with every New Year, the Club has carefully curated various delectable menus for all our Members to choose from and enjoy as we celebrate the festivities. Whether you would like to spend the New Year in the comfort of your home, or head to the Club for a meal with your family and friends, we have something for everyone from the various dining outlets.

If you would like to know more about our new facilities and offerings we have at the Club, please do not hesitate to reach out to us via our many channels including our Facebook page, Instagram and website. Stay tuned to our EDMs and social media channels for the latest updates.

Finally, on behalf of the Management Committee, I would like to wish you and your loved ones a Happy New Year.

# 2021

***Happy Chinese New Year***

May this year bring you abundance,  
good health and fortune!

This year's Annual General Meeting is a special one as we have done it in a hybrid way, physically at the Club and online via Zoom. The meeting was conducted on 31 October 2020 and took place at one of our newest facilities, Lazarus Ballroom at our Quarterdeck building! Members who pre-registered for the physical meeting were allowed inside the ballroom from 2:30pm onwards. Members who attended via Zoom was sent their meeting links for them to join the AGM from 3pm onwards. A pre-AGM activity was conducted for members to participate in while waiting for the quorum to be reached and the meeting to be started.

Updates for the Club's operations and redevelopment milestones were presented in the meeting as well as upcoming plans for the pontoon extension. The members were also given the opportunity to voice out their suggestions and questions for the Management Committee to consider and answer. The new Management Committee members for FY 2020-2021 was introduced and members of the 2019-2020 committee were issued token of appreciation for their support in their past term. The usual social gathering with food and drinks after AGM was not done this year as to adhere to safety management measures. The attendees were instead issued a lunch voucher which they can use at the Berth Café at the Quarterdeck.

We thank all of our members who attended physically and online for their continuous support. We look forward to seeing all of you at the Club!

We want to help kids feel comfortable and confident when they are in social situations, and to have an opportunity to meet and be around a new set of children in a socially-distant safe environment. With this in mind, we have partnered with Molly Manners, a company which provides social etiquette classes for kids. They have partnered with Singapore Kindness Movement, Children's Cancer Foundation, Scripture Union, People's Association, CDAC, Girls' Brigade, NUSS Guildhouse, schools and various organizations, in the delivery of their classes and now, we bring them to our club!

The class was conducted on 07 December 2020 at our Lazarus ballroom. The class began at 9am with topics covered such as making an effort to be polite smiling, saying "please" and "thank you", behaving appropriately, first impressions, a short intro to dining etiquette and more! These were covered through games, role-playing activities, crafts, stories and various fun interactions. Some ice breakers with the whole group so they can get to know one another was also done at the start of the class.

The instructor work towards improving the communication skills of kids and pre-teens and help them comfortably deal with meeting new people, giving interviews and even public speaking at a certain notch. From introducing themselves, having a confident hand shake to making and maintaining eye contact; all these things are necessary for good communication skills that kids should learn and develop at an early age.

Thank you to all our participants for joining the class and we hope you had fun!

Managing your health and wealth in times of pandemic is surely hard. Everyone reacts differently to stressful situations like COVID-19. You may feel anxious, mad, sad, or overwhelmed. Certainly, when things are as unknown as they are right now, adjustments are difficult for anyone. With this in mind, we conducted a webinar about Health and Financial Wellness during COVID-19 on 03 Dec 2020 in partnership with Summit Planners.

One of our speakers is Mr Jiayong Lin, a clinical and psychologist of Annabelle Psychology and registered with the Singapore Register of Psychologists (SRP). He discussed mental health during a pandemic and how to deal with feelings of anxiousness and uncertainty. The global pandemic has impacted our mental health in ways that we may not have ever dealt with previously and his talk covered the aspects of resilience and coping for people who are in need of support and help. He talked about people being unable to sleep through the night, feeling more anxious or depressed than normal and shared techniques than can help to calm our minds and body. He also talked about managing anxiety by staying in touch with loved ones, practice meditation, deep breathing and exercise. He said that getting plenty of sleep, eating a healthy diet, exercising, and practicing mindfulness are all ways in which you can take care of your body if you want to relax your mind and body.

Our other speaker is Ms Belle Tan, Ex Private Banker and Educator turned Advisor. An avid investor herself, she believes in being a good steward of the monies we have and hopes to help people to realise their dreams of retiring earlier and better. She is passionate about helping people and especially children with special needs and hopes for a more inclusive society. She talked about how to stay financially well amid the coronavirus as this is an extraordinarily stressful time, and as a working individual, she knows how hard it can feel trying to sort through all of the information and understand how it impacts you and your finances. No one knows yet how far the economy may fall as a result of COVID-19, but we can safely assume it will not be the last financial crisis we face. Belle mentioned that as you take steps to restore or build your financial well-being today, don't forget to insulate your finances for tomorrow. If you don't already have one, start putting money away for an emergency fund to pay the bills during bouts with unemployment, or when unexpected expenses crop up such as home repairs and medical bills. Finding other sources on income is important as well.

The pandemic has threatened our health care system and economy like never before, leaving us all anxious and on the edge. As we continue to practice safe social distancing and hope for medical progress to combat COVID-19, it helps to know that there are steps we can take starting today to put our mental and financial situations back in order as much as possible, thanks to our speakers. Thank you to all who attended our webinar and we hope to see you on the next one in the future!

This year's Bi-Monthly Trophy Race (BTR) is definitely one for the books! The first few rounds of the race were conducted as usual and the rest was done after the circuit breaker measures were eased. We were definitely going crazy without sailing for so long! The races were conducted again on 12 September 2020 and we saw a good number of boats that were excited as well to sail again! After a challenging year devoid of much competition as a result of the pandemic, it was an exciting few last rounds with sailors savouring the opportunity to get back on the water and compete at our sought-out bi-monthly races.

The last race was conducted on 12 December 2020 with the best winds we had this year! With this, we give a bravo zulu to Todak 2 for taking the top spot and being the overall winner of our BTR 2020 series! Job well done as well for Millennium 2 for taking the second place and Scarlett O'Hara for taking the third place!

We definitely look forward to our 2021 Bi-Monthly Trophy Races as we see more and more boats joining in the fun after the restrictions were eased. As always, health and safety of our sailing community will be our top priority over the coming weeks and months as we slowly reintroduce more and more sailing events in our 2021 calendar. We hope to see more of you at the Club soon!

Join our lessons on rigging of sail crafts, points of sail, capsize drills and more!  
The best part of it all? Make new friends!!!

A good year-ender for our young sailors as we closed 2020 with 5 weeks of back-to-back Get Kids Afloat (GKA) sailing programme! All sessions were fully-booked and we are glad that more and more sailing enthusiasts are starting their journey with us at SAF Yacht Club!

Our sailing course is a great way to get kids to learn life skills and things they wouldn't normally even consider or wouldn't learn anywhere else. We inspire kids to have a sense of adventure too, out on the open seas, sailing into the wind, discovering new techniques by themselves, and making decision by themselves on how they are steering the boat. Children love to learn and identify what they enjoy and are good at, and on our sailing course, they may decide they want to take up a new hobby in sailing! Discovering the love of sailing can be at any age and as early as 7 years old!

Our GKA classes promotes camaraderie with their fellow sailors and it gives them memories to take away and remember. Unique experiences they may never have anywhere else! Our coaches pushes kids to be active, no sitting around the television or inside an air-conditioned room, the majority of the day will be spent outdoors in the sun and fresh air. With this course, kids don't need to have any prior sailing experience and we will provide all the equipment they need to learn the basics of sailing.

Register your kids and begin their journey of self-discovery and the love of the sea! More GKA dates are available during school holidays. Special classes can be arranged with a minimum number of participants required. Email us now at [seasports@safyc.org.sg](mailto:seasports@safyc.org.sg) for more details!

Want to take up dinghy sailing? Join our 3-day Basic Sailing Course and you'll learn how to sail as both the helmsman and the crew.

# Basic Sailing Course

## LASER PICO & TOPPER

The Laser Pico is a two-man craft with a main sail and jib sail, while the Topper only seats one and only has the main sail. Both are preferred choices of sailing crafts for the course as their strong wind hulls provide greater stability and space for maneuverability; thus, making sailing easier.

Sailing a boat is extremely satisfying and learning to skipper a sailboat allows us to go on unique voyages and adventures that you cannot do on land. If you haven't learned to sail, you're missing an extraordinary opportunity! Sailing is fun and exciting, and also relaxing. It can be learned at any age and enjoyed among family and friends of multiple generations. While you're learning to sail, you will meet plenty of laid-back, friendly folks from our Club as well. To broaden your sailing social network, get connected to the sailing community and be the next skipper or join a group as a crew!

Like most things, it's good to try before you buy. With our Competent Crew Course, you can do just that! Experience the joy of sailing while learning important skills you need before you go ahead and buy your own keelboat! Some people prefer to crew for a few rounds before spending money on their own boat so they know what they're in for and our course is perfect for that! Experience what being on board is truly like, in all sorts of weather conditions, and learn from an experienced skipper in the form of our coaches.

Like all skills, sailing requires time to be learned. It is a great idea to start with a dinghy sailing course followed by a more advanced course. If your goal is to become an experienced sailing skipper then we recommend our Competent Crew Course for you! To get a taste of the local sailing culture and all the social activities that go along with it, we suggest trying this course with family and friends to make it more fun! This course provides a fun and accessible entry into sailing and gives participants further opportunity to improve and develop sailing skills and techniques. Our coaches will support and enhance while facilitating your learning experience on the water. This is the beginning of an experience and a quest for knowledge and skill that can last a lifetime!

# GET TO KNOW US

## How did your sailing journey come about?

It started from the school holidays GKA course organised by SAFYC in Sembawang. We saw it through an email circulated by school.

## What's your favourite aspect of sailing?

My favourite aspect of sailing is the camaraderie among sailors and parents. I also love the fresh air and the beautiful sea.

## What can you say about your time with SAF Yacht Club?

It's been a wonderful journey especially with the dedicated coaches and friends from the club. I would like to thank Coach Iggy, Coach Joelle, Coach Hu, Coach Low, Coach Mike, Coach Xiao Dong & Uncle Sudin for guiding me in sailing.

## Could you share your most memorable sailing experience?

It was my first gold fleet qualifier and I was one position away from getting into gold fleet. A lot of people came to me; some commented "sad life" while other comforted me. However, I was not affected and was happy to stay in silver fleet. From there I managed to improve further in my sailing and most importantly I got to stay with my close friends.

## What about your worst experience in sailing?

I was top ten in a CSC regatta but ended up capsizing and came in 40th position. The wind was strong and gusty, I even lost one of my booties.

## Are you into other sports besides sailing? If yes, what are they?

Yes, gymnastics and rock climbing.

## How do you manage sailing around your curriculum of studies?

I always try to finish my homework in class, making full use of my time and completing my studies before I sail.

## For you, what makes a good sailor?

A good sailor should be someone who learns from their mistakes and keeps trying. He/She should be humble, kind, never rude, respectful and must have sportsmanship.

## What are your personal goals in terms of sailing?

To do better than my personal best each time I sail, this includes during training time.

## Any regattas you are looking forward to participating this year? How do you prepare yourself for the competition?

National School Games (NSC). I am proud to represent my school and together with my teammates we will continue to train hard as a team and bring glory to our school.

# GET TO KNOW US

## How did your sailing journey come about?

When I was six years old, I went to SAFYC Sembawang with my friends. There, I learnt the basics of sailing from Coach Wee Chin and Coach Iggy. I had a whale of a time and fell in love with Sailing. That was how my journey with Sailing took off. Until this moment, my friends and I are still sailing and pursuing our love for the sport.

## What's your favourite aspect of sailing?

My favourite aspect of Sailing is that it is a tactical sport whereby it requires me to analyse the elements in order to apply my techniques and skills accordingly. Not only is Sailing a physical sport, but it's also a tactical one. Sailing helps to develop my physical and mental abilities.

## What can you say about your time with SAF Yacht Club?

At SAFYC, I have acquired a lot of new skills and knowledge from my coaches. I am incredibly grateful to Coach Iggy, Coach Low, Coach Mike and Coach Xiao Dong. They are very committed and dedicated to nurturing me to become a skilled sailor. Besides my coaches, Uncle Suddin has also helped me along. His cheerfulness and encouraging words motivate me. Along the way, I have made many dear friends. Although we compete against one another, we encourage one another.

## Could you share your most memorable sailing experience?

My most memorable sailing experience was the day of NSG Green Fleet 2019. That was the proudest day of my life as I came in first. All my hard work paid off. Furthermore, at the end of the regatta, my ACS school mates and I took a group picture on the beach. It was indeed a memorable day.

## What about your worst experience in sailing?

My worst experience in Sailing was when my friend was utterly disappointed for losing. It was a pity as he was only a mere few points away from winning. My heart went out to him. To comfort him, I encouraged him to work hard with me. Although he lost the race, I believe with hard work; he would win it in the future. I believe not to give up but to press on.

## Are you into other sports besides sailing? If yes, what are they?

Yes, I am also in the ACSJ Rugby Squad.

## How do you manage sailing around your curriculum of studies?

On weekdays, I sail with my teammates from school whereas, on weekends, I sail with the HP squad. Hence, I have to plan my schedule so that I can train and complete my school work on time. Though it is challenging, it helps me to become more self-disciplined.

## For you, what makes a good sailor?

A good sailor is a sailor that has initiative and a thirst for hard work.

## What are your personal goals in terms of sailing?

To become a National Sailor.

## Any regattas you are looking forward to participating in this year?

## How do you prepare yourself for the competition?

Raffles Marina, for the swimming pool, and I prepare myself for regattas by training diligently.

### Sailing with Pride and Purpose

As the nation's first line of defence, the Republic of Singapore Navy (RSN) offers an unconventional and purposeful career with the sea unlike any other. Undoubtedly, the RSN would naturally entice those who have an affinity with the sea and keenness to embark on a purposeful career to join its ranks.

This month, we spoke to Lieutenant (LTA) Dillion How, a national dinghy sailor and a naval officer, who shared with us what attracted him to a career with the RSN and what motivates him everyday.

#### Share with us what sparked your interest in a career with the RSN?

LTA How: As a dinghy sailor since young, I always saw the special connection to the sea. Moreover, sailing in the waters adjacent to the fleet of warships docked in Changi Naval Base at the previous SAF Yacht Club (Changi) Clubhouse certainly left an impression that I could have a career tightly linked to the sea.

#### Can you tell us more about the life and culture in the RSN?

LTA How: The RSN prides itself as a family away from home. This is especially pertinent on board the RSN warships, where friendships are forged across military ranks. Much like how the sailing and boating community in Singapore is small and tightly-knit, the RSN family is caring and supportive. The collective wisdom unselfishly shared amongst fellow seamen of the RSN, is what unites and forms the backbone of the Navy family.

#### What is your most memorable experience in the RSN so far?

LTA How: If I had to pick between the many memorable experiences in the RSN thus far, it would no doubt be the first time I represented the RSN in the Admiral's Cup Regatta 2018, hosted by the Indian Navy in their Naval Academy at Ezhimala. Having represented Singapore in a few international sailing competitions before, the chance to represent the RSN in a dinghy sailing competition somehow felt different, yet special. It was a rare opportunity to connect with fellow sailors from over thirty navies all over the world at this event, and it was a great time sharing the love for the sport as well as forging friendships with foreign naval officers.

#### What do you find fulfilling in your everyday work?

LTA How: I am currently on a naval training course and before this, I had served on board RSS Gallant (a Fearless-class Patrol Vessel). I find much meaning in being able to safeguard Singapore's shores and the Singapore Strait through patrolling with the crew of RSS Gallant. Knowing that my fellow shipmates and I share the same raison d'être - to achieve mission success in keeping our vital sea lines free and safe, fills me with a great sense of pride and purpose.

#### What advice would you give to those who are looking to join the RSN?

LTA How: If you want an exciting and rewarding career that involves the sun and the sea, and at the same time provides you with opportunities for personal growth and development, then look no further than the RSN.
